Scalebuster Bull Sale

**Wednesday, March 5th, 2014 -- 11 a.m. CST
Dunlap Livestock Auction, Dunlap, IA**

Welcome to the 2014 JF BULLS, Scalebuster bull sale, IOWA'S #1 SALE FOR RANCHERS WHO SELL THEIR CATTLE BY THE POUND!

This set of bulls is bred to add POUNDS to your calf crop and PROFIT to your bottomline! These bulls are backed by a world renowned cowherd built on the basic principles of total performance, maternal, fleshing ability, fertility, heterosis and structural soundness.

The bulls selling are guaranteed to be fertile and reproductively sound in accordance with the terms and conditions as recommended by the ASA and AAA. If a problem occurs, the buyer is responsible to return the bull to JF and will have the option to select a suitable replacement if available or take sale credit. We are again retaining 1/3 semen revenue sharing interest in every bull selling. 2/3 Semen Interest and Full possession and salvage value sells on all bulls.

Please call to set up a visit to see these powerful bulls, or, we look forward to seeing you sale day!

How much can you afford to pay for a top bull?

HOW MUCH CAN YOU AFFORD TO PAY FOR A TOP BULL?

COWMAN FORMULA

Increase in pounds per calf from a top-performance bull

X No. of cows bred to him per year

X No. of years to keep the bull

X Expected selling price of calves

= Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves mated to 25 cows per year for 4 years and you sell the calves for \$1.50 per pound.

$$30 \times 25 = 750 \times 4 = 3000 \times 1.50 = \$4,500$$

This bull is worth \$4,500 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not consider the increase in value due to calving-ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.
